

About Us

The Horror Room Experience helps players explore survival horror games, compare different fear styles, and find a game that matches the kind of horror they enjoy most. Whether you're new to the genre or already a nightmare veteran, this site gives you a simple place to start.

What We Offer

- Beginner-friendly information
- Game Recommendations based on style
 - A Gallery of environments and mods
- Tips for players who are new to the genre
 - Audio and video media

Why Survival Horror Works

- Survival horror games create fear by making players feel vulnerable. Limited supplies, dark areas, strange sounds, and dangerous enemies build tension by making players feel like something could be around the corner, or worse, right behind them.
